CONTENTS

Vol. 147, No. 1, September 1985

Clinical significance of respiratory infection caused by *Branhamella catarrhalis* with special reference to β-lactamase producing strains. *T. Nagatake* 1

A study of insulin and glucagon secretion from adult rat pancreatic monolayer islets. *H. Ohgawara, Y. Tasaka, E. Machiyama, Y. Sakurai and Y. Hirata* 15

Immunohistological identification of B cell differentiation in human tonsillar follicles by using monoclonal antibodies. *Y. Harabuchi, N. Yamanaka and A. Kataura* 21

Inhibitory effect of methylmercuric chloride on the contraction mediated by muscarinic receptor of intestinal smooth muscle of the guinea-pig. *Y. Fukushi and M. Wakui* 33

The role of airflow in mucous transport in the trachea. *M. Okazawa, M. Kawakami, M. Katayama, S. Tsubo, K. Konno and T. Takizawa* 43

Three-dimensional structure of cytoskeletal system in human hepatocytes viewed by polyethylene-glycol-embedding method. *M. Ishii, Y. Miyazaki, S. Ohta, M. Otsuki and Y. Goto* 47

The importance of colloid osmotic pressure during open heart surgery in infants. *K. Haneda, S. Sato, E. Ishizawa and T. Horiuchi* 65

Glycosaminoglycans of porcine uteri. *H. Munakata, M. Isemura, C. Kodama and Z. Yosizawa* 73

Changes of glycosaminoglycan composition of uterine myometrium of rabbit induced by female sex steroids. *H. Munakata, M. Isemura, J. Aikawa, C. Kodama and Z. Yosizawa* 77

Influence of diabetes on arteriosclerosis. *T. Sato, H. Hoshi and K. Yoshinaga* 83

Studies on amino acid composition of renal glomeruli from the diabetics. *T. Sato, S. Oguma and K. Yoshinaga* 89

Open loop-gain of the CO_2 ventilatory control system. *K. Suwa and F. Matsushita* 97

Short Report

Evidence for the occurrence of lactosaminoglycan in porcine kidney. *H. Munakata, M. Isemura, M. Kosakai, J. Aikawa and Z. Yosizawa* 107

Measurement of detrusor contractility in the reflex micturition of the decerebrate dog. *O. Nishizawa, I. Moriya, T. Fukuda, A. Matsuzaki, T. Harada, S. Tsuchida and R.V. Mastrigt* 109

A new and specific enzyme-linked immunosorbent assay for the detection of C3 nephritic factor. *J. Seino, K. Fukuda, Y. Kinoshita, K. Sudo, I. Horigome, H. Sato, T. Saito, T. Furuyama and K. Yoshinaga* 111

Vol. 147, No. 2, October 1985

Early interferon production in human diploid cells induced by Newcastle disease virus in the presence of protein synthesis inhibitors. *I. Yoshida* 113

Imbalance of T cell subsets in cancer patients and its modification with bestatin, a small molecular immunomodifier. *N. Kumano, S. Suzuki, K. Oizumi, K. Konno, T. Himori, Y. Mitachi and A. Wakui* 125
Determination by enzyme-linked immunosorbent assay (ELISA) of specific IgG antibody activities for diagnosis of farmer's lung disease. *K. Konishi, S. Murakami, K. Kokubu, H. Itoh, T. Mouri and M. Tamura* 135
Purification and characterization of the specific binding protein for platelet activating factor (1-*o*-alkyl-2-acetyl-sn-glycero-3-phosphocholine) from human platelets. *J. Nishihira, T. Ishibashi, Y. Imai and T. Muramatsu* 145
Effect of isoproterenol on contractile force of isolated rabbit renal pelvic smooth muscle. *T. Morita, I. Miyagawa, M. Wheeler and R. M. Weiss* 153
A method for making chronic fetal preparation in the lamb: Results of 4 year's experiences. *A. Sato, C. Endo, M. Kyozuka, S.-M. Liou, T. Idogawa, J. Saito, K. Akagi, Y. Yamaguchi and M. Suzuki* 157
Three-dimensional observations on intermediate filaments of the squamous epithelium of the uterine cervix. *N. Oikawa, T. Toki, T. Tase, Y. Wada and A. Yajima* 169
A simple catheter technique for production of AV block. *Y. Aizawa, Y. Tamura, M. Murata, M. Satoh, M. Aizawa, A. Shibata and N. Maruyama* 177
Role of vagus nerve in secretion of gastric inhibitory polypeptide in dogs. *A. Ohneda, T. Kobayashi, J. Nihei, M. Imamura, H. Naito and T. Tsuchiya* 183
EEG activation induced by facilitating position. *T. Hosokawa, R. Nakamura, K. Kosaka and T. Chida* 191
Effects of cimetidine on various biological activities of human leucocyte interferon and on interferon production in lymphocytes. *N. Hirai, N. Hattori, N.O. Hill and K. Osther* 199
Recent changes in serological markers of hepatitis B virus infection in Japanese university students. *S. Nakamura* 213
Short Reports
Histological evidence for rescue of radiation dermatitis in an untraviolet model system *S. Okuyama, H. Mishina and M. Takahashi* 217
Efficient culturing of human melanocytes from suction blisters. *Y. Tomita, H. Yamamoto, C. Sato, T. Takeuchi and H. Tagami* 219

Vol. 147, No, 3, November 1985

Biosynthesis of lipids during embryogenesis of *Ascaris lumbricoides* eggs. *Y. Furukawa, T. Yamamoto, S. Kimura, H. Hayashi and H. Oya* 221
Diagnosis of submucosal tumors by injecting a water soluble contrast medium: Diagnosis of extra-gastric tumors and gastric varices. *S. Asaki, Y. Shishido, S. Miyoshi, W. Sato. H. Sato, T. Motozima and S. Meguro* 235
Effects of intragastric ethanol administration on gastric acid secretion and gastrointestinal hormone release in dogs. *M. Imamura, I. Sasaki, T. Tsuchiya and T. Sato* 247
Changes in distribution of connective tissue components of human placentae with maturation. *K. Kurosawa, M. Isemura, Y. Yamaguchi, Z. Yosizawa, T. Furuyama, K. Yoshinaga and T. Ishii* 261

ABO blood group antigens of human spermatozoa. *K. Takeda and K. Hiraiwa* 267
GHRF test in acromegalic patients for the evaluation of therapeutic results. *K. Hanew, S. Sato, A. Sasaki, M. Goh, Y. Shimizu, O. Murakami and K. Yoshinaga* 273
Effects of pH on the deconjugation of conjugated bilirubin in human bile. *F. Shinya, T. Toshima, W. Takahashi and N. Suzuki* 281
N-Sulfation of heparan sulfate with microsomal fraction of endometrium of rabbit uterus. *H. Munakata, M. Isemura, J. Aikawa, M. Kosakai and Z. Yosizawa* 295
Morphometrical evaluation of extrahepatic bile ducts in reference to their structural changes with aging. *Y. Takahashi, T. Takahashi, W. Takahashi and T. Sato* 301
Effects of dobutamine on the in vivo urethra in the female dog. *I. Moriya, O. Nishizawa, T. Fukuda, T. Harada and S. Tsuchida* 311
Short Report
Superselective arterial embolization of the rat liver. *L. Hashimoto, K, Ouchi, K. Koyama and T. Sato* 315

Vol. 147, No. 4, December 1985

The intermediate filaments in human hepatocytes *M. Ishii, Y. Miyazaki, M. Otsuki, H. Suzuki and Y. Goto* 317
Differential sensitivity of leukemic cells to growth inhibition by deoxyadenosine and deoxycoformycin. *M. Tanaka and K. Kimura* 331
Influence of vitamin E on platelet survival. *T. Uchida, S. Muroi, T. Yui, M. Hiraguri, S. Yanagisawa, H. Umezu and S. Kariyone* 343
One point dilution enzyme-linked immunosorbent assay (ELISA) for *Toxoplasma gondii* seroepidemiological surveys. *K. Justo Pallangyo, H. Suzuki, Y. Fukumoto and K. Matsumoto* 349
The chemical compositions of the thoracic aorta in diabetics and nondiabetics. *T. Sato, T. Saito and K. Yoshinaga* 357
Effect of islet transplantation on diabetes mellitus after subtotal pancreatectomy in rat: A quantitative analysis of islet tissue. *H. Yamauchi, J. Chiba, K. Kakizaki, M. Maeda, K. Miyagawa and R. Nakamura* 365
Effect of islet cell autograft from the highly scarred pancreas on pancreatectomized dogs. *H. Yamauchi, K. Kakizaki, M. Maeda, Y. Fukaya, R. Nakamura and K. Miyagawa* 379
Effects of coronary artery stenosis on left ventricular end-ejection pressure-ejected volume relationships in isolated perfused canine hearts. *Y. Maruyama, Y. Shimizu, J. Watanabe, K. Ashikawa, S. Isoyama, S. Satoh, H. Suzuki, K. Maehara, E. Ino-Oka and T. Takishima* 389
Influence of pulse-wave ultrasonic irradiation on the prenatal development of mouse. *T. Takabayashi, S. Sato, A. Sato, N. Ozawa, S. Sou, A. Yajima and M. Suzuki* 403
Endotoxemia in liver diseases: Detection by a quantitative assay using chromogenic substrate with perchloric acid pretreatment. *Y. Yajima, I.*

Fukuda, M. Otsuki, H. Suzuki, S. Ota, M. Ishii, K. Mori and Y. Goto 411

Noninvasive screening procedure for evaluation of bladder emptying function. *O. Nishizawa, A. Matsuzaki, T. Kohama, T. Suzuki and H. Noto* 421

Short Reports

Diagnosis of the depth of cancer invasion by submucosography. *S. Asaki, T. Nishimura, S. Ohara, D. Shibuya, A. Sato, Y. Hatoyama, N. Kanazawa, Y. Goto, A. Hagiwara and T. Takahashi* 427

Determination of urine neuron-specific enolase levels in neuroblastoma patients. *Y.-I. Gotoh, K. Hashimoto, S. Inoue, J. Suzuki and K. Tada* 429
